DECLARATION WITH REGARD TO DIRECTIVE 2002/95/EC and 2011/65/EU
Hazardous substances in electrical and electronic equipment (RoHS directive)

Including also

deca BDE (deca Bromo Dyphenyl Ether)
and
PFOS (Perfluorooctane Sulfonates)
(EU Directive 2006/122/EC)

We hereby confirm that all products supplied by E-tec are in conformity with the RoHS directive 2002/95/EC, 2011/65/EU and that the banned materials and substances, including deca BDE and PFOS chemicals, have not been intentionally added nor believe to be contained in any of the materials used for the production of these part numbers or may only be present as adventitious impurities in the products. It should be noted that the material used for the production of the metal pins is RoHS compliant brass (copper alloy) and which falls within the RoHS exemption limit of max. 4% lead content.

January 31th, 2014
